

## "PSYCHIC" COLLEGE

## FOR SAN FRANCISCO

Mrs. Joy Will Give a Million for Its Establishment.

St. Louis, Oct. 30.—If the plans of Mrs. Charles F. Joy, wife of the former St. Louis Congressman, are carried out, a \$1,000,000 university, of which the object will be the study of occult and psychic phenomena, the human soul, and all the arts and sciences of the "New Thought," not recognized by established schools, will be built overlooking the Pacific, near Santa Barbara, Cal.

## Will Establish Colony.

In addition to the university, Mrs. Joy proposes to establish a sociological colony where the science of life, and the laws, duties and responsibilities of parenthood will be studied. A site overlooking the Pacific near Santa Barbara, Cal., for the school and 20,000 acres in Arizona for the colony have been offered for the institution. When the time arrives, Mrs. Joy says, she does not fear the funds will not be forthcoming.

## Age of Prejudice Past.

"The age of prejudice and bigotry is fast passing away," said Mrs. Joy, "and the world is willing to be informed on what is really meritorious. This is the foundation upon which the school will be established. My plan is to bring about the founding of a university in which the great trinity, the human soul, mind and body, will be properly trained, each in conjunction with the other, and not the sacrifice of one by ignoring the other, as now too largely prevail."

"It is intended the new school shall be a twentieth-century institution for the unprejudiced discovery of every power of nature available for the benefit of man. It will make a scientific investigation of all so-called psychic phenomena, and will estimate the value of the mechanical instruments of investigation of registering psycho-physical forces. I believe that under the progress possible to such a university the time will come when we shall be able to furnish scientific proof of the existence of the soul, proof of which is yet lacking."
